

Past Meeting Record - Euro Pharmaceuticals 2020

Jorge González Borroto

Senior Toxicologist & Nonclinical Safety Adviser at Ferrer Advanced Biotherapeutics, Spain

On behalf of the members of the conference committee, a sincere thank you to everyone for making Euro Pharmaceuticals a fruitful learning venue in 2020 to our keynote speakers, plenary speakers, leaders of business, teachers, organizations, members of the media and visitors!

On September 21, 2020, the 7th International Conference on Pharmaceutics and Novel Drug Delivery Systems, organized by the AAC, was held. Benevolent reaction and positive engagement were obtained from members of the International Journals Editorial Board, as well as from leading scientists, academics, medical practitioners, educators, and specialists in the health care sector who made this event a success.

The conference was distinguished by the presence of young and active academics, business leaders and groups of innovative students from about five nations moved this event onto the road to progression. Euro Pharmaceuticals 2020 featured a mix of peerless speakers who taught the crowd about their expertise and discussed numerous new issues relating to pharmaceuticals and health care.

Conference participants expressed their views on the subject “**Covid-19 Challenges in Pharma Industries and Pharmaceutical Research**”. For the conference attendees, it was both a reflective and informative gathering.

AAC would like to express its deepest gratitude to the chairs / co-chairs and session leaders who have made this event a huge success.
